Imagine being a Management Accountant who can choose your own clients, set your own schedule, and enjoy the freedom and flexibility of working on your own terms. - Providing financial insight and guidance to clients, helping them make informed business decisions and achieve their strategic and operational goals.
- Developing and implementing financial systems and procedures, ensuring compliance with accounting standards and best practices.
- Communicating effectively with clients and building strong relationships, understanding their business challenges and opportunities, and delivering tailored solutions.
- Working collaboratively with other members of the Axcelera team, sharing knowledge and expertise, and contributing to the continuous improvement of the service.

- At least 3 years of experience in management accounting.
- Excellent analytical and numerical skills, with a strong attention to detail and accuracy.
- Proficiency in accounting software, such as Xero, QuickBooks, or Sage, and Microsoft Excel.
- Ability to work independently and manage multiple tasks and deadlines.
- Excellent communication and interpersonal skills, with the ability to present complex financial information in a clear and concise manner.
